MEMORANDUM

TO: FILE NOS. 35-08101 & 35-08944

FROM: PAM SKAGGS/^{SP}STATE OFFICE

SUBJECT: TRANSFER NO. 4849

DATE: April 15, 1997

=====

Transfer No. 4849 changes the point of diversion and the source under a portion of Right Nos. 35-08101 and 35-08944, splitting each right into Parts A and B. ✓

The original diversion is from multiple shallow sandpoints, and the new source of water will be a nearby pond that has been identified as tributary to the Snake River. Both of these sources are located within 1/4 mile of the river. The diversion from the pond will be regulated by the watermaster of Water District 01 and storage water will be charged whenever the rights are subject to a priority cut. ✓

Season of use and diversion volume were adjusted to current standards. Recommended conditions include watermaster control, measuring device & lockable controlling works, irrigation overlap, combined limits and standard transfer conditions.
