Dear Water Right Holder:

Re: Full/Partial Abandonment of Water Rights

The Department received a request to abandon water rights 61-11960 & 61-11962 from John & Judith Mendes on March 4, 2019. The forms were returned on March 6, 2019, because they were not notarized and we needed clarification on how much they wanted to abandon.

On March 18, 2019, the Department received notarized Notice of Abandonment forms. However, the amounts of water right 61-11960 was still in question.

On April 8, 2019, an email was sent asking for clarification. On April 10, 2019, I received a phone call from Judith Mendes. She clarified that they wanted to abandon all of water right 61-11962 since it is the junior right, and 2.1 acres of water right 61-11960. Their intent was to reduce the number of acres to 5 or less to avoid the measurement device requirement.

Subject: Notice of Abandonment of Water Right 61-11960

The Department received your request to abandon a part of water right 61-11960. On the form, you did not indicate which part of the water right is abandoned. The Department is under the assumption you want to abandon 2.1 acres of water right 61-11960 to avoid the measurement device requirement. If the 2.1 acres is correct, would you like to abandon the proportionate amount of the diversion rate and volume? Please respond to this email and the department will continue processing your request.

If you have any questions, please contact me. Thank you.
