Transfer No. 4769 was filed to change the point of diversion and the place of use under a portion of Right No. 32-07072, splitting the right into parts A and B. Part A will be moved under another pending transfer application, No. 4773.

There are no overlapping rights at the original or new place of use. Season of use and diversion volume were adjusted to current standards. Recommended conditions include irrigation overlap, future annual reporting, multiple points of diversion/measuring devices and standard transfer conditions.
