MEMORANDUM

TO: FILE NO. 75-04408

FROM: PAM SKAGGS/^{OS}STATE OFFICE

SUBJECT: TRANSFER NO. 4668

DATE: July 26, 1996

=====

Transfer No. 4668 was filed to change the point of diversion and source under Right No. 75-04408.

The original source, Sheep Creek, is tributary to the new source, Salmon River, North Fork. The change will eliminate conveyance losses through a long ditch delivery system. The applicant states that original source has provided some water even in dry years through the ditch system. The approval will limit diversion from the new source to times of availability under this right and priority from the original source to eliminate expansion of use.

Season of use and diversion volume were adjusted to current standards. Other recommended conditions include future measuring devices & annual reporting, non-confirmation of claim, irrigation overlap and standard transfer conditions.
