STATEMENT OF COMPLETION
FOR SUBMITTING PROOF OF BENEFICIAL USE

FOR OFFICE USE ONLY
Amt. of Fee \$ 50.00
Receipt No. 50483
Received By AS
Date Received 3/29/19

The Idaho Department of Water Resources considers this form a statement by the permit holder(s) that development of a water right has been **completed** and that water has been applied to beneficial use to the extent described below. **This form must be accompanied by an examination fee, when necessary, or by a completed Beneficial Use Field Report prepared by a certified water right examiner.** Please refer to the instructions and fee schedule for this form. If ownership of the permit has changed, contact any Department office or visit the Department's website at idwr.idaho.gov for an *Assignment of Permit* form. If you wish to relinquish your permit because you have not established the authorized use of the water and are not applying for an extension, please notify the Department in writing.

1. Permit No. 96-09539 Telephone No. 208-263-8893
2. Name of Permit Holder(s) WILLIAM B. WATERS
3. Mailing Address 126 DIRT ROAD City SAGLE
State ID Zip 83860 Email SDPTMOORE79@OUTLOOK.COM
4. Source of Water MOORE CREEK If **GROUND WATER** (well), Date Drilled mo. ____ / yr. ____
Well Driller _____ Drilling Permit Number _____
5. Extent of use(s) completed **as authorized by the water right permit:**
Domestic (No. of households) _____ Stockwater (No. and type of stock) _____
Irrigation (No. of acres) 1 Other _____
6. Total rate of diversion or storage volume for which proof is submitted .03 cfs OR _____ acre-feet.
7. Compliance with a measuring device requirement, lockable controlling device requirement, and/or other conditions of permit:
Refer to the approval conditions on your permit and respond accordingly.
The Department will not issue a license if permit conditions are not met.
- | | | | |
|-----------------------------|---|---|--|
| Measuring Device | Is a measuring device required? | Yes ☐ | No ☒ |
| | If yes, has the measuring device been installed? | Yes ☐ | No ☐ |
| Lockable Controlling Device | Is a lockable device required to control the diversion? | Yes ☐ | No ☒ |
| | If yes, has the lockable device been installed? | Yes ☐ | No ☐ |

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9539

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist

Enclosure(s)

MEMORANDUM

TO: Water Right Permit File 96-9539

FROM: Daniel A. Nelson

DATE: April 9, 2019

SUBJECT: Review of Water Right Permit 96-9539

This permit was earmarked for an in-house examination at the State Office. Upon initial review of this permit, it was determined that there were approximately 0.2 acres of irrigation of a garden. It was impossible to see any irrigation around the home, due to a number of trees. The permit was filed in 2014, and the 0.2 acres that appear to be irrigated were irrigated in aerial photos from 2004 to 2013. A domestic well was drilled for this property in 1991, so it is impossible to determine what acres are irrigated from Moores Creek and what acres are irrigated from the well.

Therefore, I have asked that this field exam be put back into the group of field exams that need a field examination. A field examiner will need to visit the site to determine which water source irrigates the acres being irrigated.
