MEMORANDUM

TO: File 75-04101A

FROM: Pam Skaggs/State Office

SUBJECT: Transfer 5177

DATE: August 25, 1998

Transfer 5177 changes the point of diversion under a portion of Right 75-04101A, splitting the right into Parts C and D. When the land was subdivided, access to the original point of diversion was not preserved. The applicant needs a separate point of diversion at his property.

This right is an unverified statutory claim. The applicant has filed an adjudication claim for his portion of the right, A75-04101F. Region staff verified current irrigation and irrigation as early as 1979 by an aerial photo. Further review of the claimed priority will be conducted by the SRBA staff in review of the claim, but it appears that irrigation has occurred under this right for some time.

Recommended conditions include future measuring & reporting, irrigation overlap, non-confirmation of claim, and standard transfer conditions.

There is sufficient verification of water being used to process the transfers.
