SUBJECT: Transfer 5450

DATE: June 29, 1999

Transfer 5450 combines the above referenced rights from Birch Creek and creates a 5798-acre permissible place of use for the newly formed Reno Ditch Company. The rights will have a common diversion point and water will be distributed to shareholders within the service area. This transfer resolves previous disputes among the water users.

Region water right and adjudication staff reviewed these rights and provided initial recommendations. Review of the rights as originally decreed and licensed provided further detail to each right. The total combined use under these rights is limited to a diversion rate of 77.06 cfs, a total annual diversion volume of 11,579.2 af, and the irrigation of 3,427 total acres each season within in the permissible place of use.

Season of use was identified as 04-01 to 11-01 under these rights to be consistent with previous transfers. Recommended conditions include watermaster control, measuring device and lockable controlling works, irrigation overlap, permissible place of use limits, combined right limits, and standard transfer conditions.

Kent,

Thought email would be the best way to handle this request. Before we can finish processing the adjudication claims under the Reno Ditch Co. transfer (#5450), we will need Birch Creek Ranches to file changes of ownership for the claims traded with Mac Wagoner pursuant to the Memorandum of Agreement (Case No. 2-462). The water right numbers are:

A32-00073
A32-00077
A32-00078
A32-00078
A32-00079
A32-00085
A32-00086
A32-00087
A32-00102

These claims are still in the name of Mac and Betty Wagoner. Our plans are to allow the approved transfer to amend the claims to the new place of use, so we don't believe you will need to send in amended claims. I believe the Memorandum of Agreement will be adequate evidence of ownership for us to process the changes in ownership. We have a copy here that we can photocopy, so all you should need to do is fill out a change of ownership and have Birch Creek Ranches sign it (I don't have a problem with processing one form with all the water right numbers on it). Unless you want to wait until the transfer is approved, you can send the change asap to my attention.

I will also need to have the Wagoner's file a change of ownership for claims A32-00067 and A32-00090B. The transfer was just approved with Birch Creek Ranches as the owners. I will follow up with the Wagoner's to get this done.

Let me know if you need more information or have other questions regarding this matter.

Thanks in advance,

Eric Verner, IDWR

Hi Kent,

I've come up with another loose end (I'm sure not the last) regarding Birch Creek Ranch Claims. They received ownership of the 5" of right 32-00092 that was owned and claimed by Janice Judy (Blue Dome owner). I still have a claim in the name of Janice Judy, A32-00092A. Birch Creek Ranches has claimed the entire right under A32-00092, so we really just need A32-00092A withdrawn. Since Birch Creek Ranches owns the Judy property now, they should probably send in a change of ownership along with a letter requesting the claim be withdrawn. This will clean up this part of the record. I have the warranty deed from Judy to Birch Creek Ranches so all I need is a change of ownership and the withdrawal request from Birch Creek Ranches. Thought you might be able to get this done at your Friday meeting...

Let me know if you have questions.
