13 Narrative: The Department received this application on November 19, 2018. The application was signed by the current owner, Elise G. Lufkin. She wants to place 15.6 acres of the irrigation portion in the Bank. These acres have been in the Bank since 2013. After looking at the aerial photography, it doesn't appear any of the acres have been irrigated during the lease period. The land is right on the Big Wood River so so seepage or flooding may have occurred. These rights are currently within WD 37.
