Tina,

After further review of the current information on file I determined that the correct description for the place of use specific to this water right does not include any mention of tax deed 57 or 23. The conditions of the right will not be changed. I will put a copy of these emails in the file so that there is a record of your concern.

Hello Phill;

Yes, I need one more property description on the licence . SORRY. Please add to the existing description "A PORTION OF BLOCK 1 AND LOT 1, TAX DEED # 57 & # 23." Okay this will cover those 2 acres in which the pipe flows down into. I guess you can fix the Payette typo while your at it.

Tina,

I sent a corrected license for no. 65-13392 to you following our meeting that has lot 25 removed from the description of the place of use in the conditions. The condition now reads as follows:

"Place of use is located within Lots 1, Blk. 1 and Lot 1, Blk. 2 of the Payette River Heights Subdivision."

Note on your copy there is a typo in the word "Payette" that reads Payetter this has been corrected in the official records.. Right no. 65-13963 does not have this descriptive condition because it was not on the permit. Right no. 65-

13392 had the condition on the permit and it was carried over to the license per IDWR policy. If the above reference description is incorrect please let me know

Hello Phill;

Concerning water right 65-13392.

I have reviewed all my property deeds and description. There is never any reference to a "LOT 25". OF CONDITIONS OF APPROVAL #6. You may reference my decreed water right that I obtained when I bought the property and got the decreed right from Orville Vincent .. 65-8996 for a proper description to put on the water license 65-13392. Please remove the Lot 25 or advise me what to say in a letter or form. The Lot 1, Block 1 , Payette River Heights is correct as we discussed in our recent meeting., the Lot 25 is not.. Also permit 65-13963 does not have a place of use in the CONDITIONS OF APPROVAL, so I am assuming it will be reference to the 65-13392 right. Another reason to have the incorrect Lot 25 removed. I have sent my brother a quick claim deed for him to sign and transfer two rights with my moms name on it to me. He might not use his Power of Attorney and sign them. If he is going to be difficult then I will figure out something else to do before my mom passes..
