Subject: Transfer of Ownership of the Magic Dam Hydroelectric Project, FERC No. P-3407-ID, NATDAM - ID00039.

Dear Mr. Johnson:

I am pleased to inform you of the upcoming sale of the Magic Reservoir Hydroelectric Project to the associated dam owners, the Big Wood Canal Company. After years of working cooperatively with the Big Wood Canal Company, it was found to be in the best interest of all involved to transfer the ownership of the project to the dam owners. This development should simplify the designation of responsibility and centralize ownership and dam safety communications for the project. The scheduled closing date for the transfer of ownership of the project is set for February 28, 2019.

Please update your communication contact information to be used beyond February 28, 2019 to the following:
