

07/2008

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

NOTICE OF PROTEST

RECEIVED
FEB 25 2019
WATER RESOURCES
WESTERN REGION

This form may be used to file a protest with the department under sections 42-108B, 42-203A, 42-203C, 42-211, and 42-222, Idaho Code. The department will also accept a timely protest not completed on this form if it contains the same information.

1. Matter being protested Transfer 81844
2. Name of protestant Jeff Caldwell
3. Protestant's Representative for service (If different than protestant)

4. Service mailing address 1581 Cow Horse DR Kuna ID 83634
5. Service telephone no. 208-890-0614 Email Address: jmccaldwell519@gmail.com
6. Basis of protest (including statement of facts and law upon which the protest is based)
I own a personal (residential) well and I'm a shareholder in the Cloverdale Ridge Water Corporation which also owns wells + water rights near the location of the proposed new + additional points of diversion, so I have concerns about possible injury to my water rights
(additional pages may be attached to describe nature of the protest)
7. What would resolve your protest? Proper conditions + monitoring to ensure that injury will not occur.
See attached

I hereby, acknowledge that if I, or my designated representative, fails to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 22nd day of February, 20 19.

What would resolve your protest – additional response:

In addition to my already stated request of : Proper conditions and monitoring to ensure that injury will not occur listed on the State of Idaho Department of Water Resources " Notice of Protest " form, I request the following:

1. A minimum 72 hour pump test: I request a much longer time period for the well testing period. I do not want only a 24 hour well test for the aquifer and the potential draw down, but at least a 72 hour pump test on this proposed big bore well.
2. Monitoring of my residential well: I request that my well be monitored before the drilling has started and then routinely over a period of time when the Falcon Crest subdivision is being developed.
3. Provide Assurance for my residential well: I request assurance to me that if my well is impacted that my well will be replaced and that I will have water during the time that a new well is being drilled for in house use and for residential landscape use.
4. Prefer City of Kuna to provide water to Falcon Crest Subdivision from the city's water system. This would be my preferred option and would resolve my concerns.
