Re: Assignment of Permit No: 47-17656 (processed)  
Change in Ownership for Water Right Nos: 47-4294, 47-7635 (processed)  
47-7636 (not processed)

COPY

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water rights and permit to you. The Department has modified its records for two of the water rights and the permit and has enclosed a computer-generated report for you. Please note that our records still identify an attorney and representative on the water rights; if this is no longer applicable, those names can be removed with your written authorization.

Regarding water right 47-7636 which was not processed, the Department requested additional information from you regarding ownership of the place of use on August 14, 2018 and November 2, 2018. The water right place of use includes portions of Government Lots 13, 17, and 20 within Section 18, Twp 9S, Rng 16E that were not conveyed to PRG Farms LP in the Warranty Deed submitted to the Department. As of the date of this letter, the Department has not received the required information; therefore the ownership of this right cannot be updated at this time. A refund of \$25 has been requested and will be mailed to Pioneer Title Co. under separate cover from the Idaho State Controller's Office. You may re-submit your request with the appropriate documents and fees or contact our office to discuss other options.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.

Sincerely,

Allison Inouye  
Water Resource Agent

**Subject:** Updated water rights & water permit  
**Attachments:** PRGWaterRights.docx; Permit 47-17656.pdf; 47-17656PermitApplication.pdf

Hi Paul,

Per your request, I removed the names of the attorney & representative from the water rights. Attached are updated copies for your records.

I also wanted to point out to you that one of these, 47-17656, is a water *permit* not a water *right*. The permit was issued in 2016 and is now in a 5 year development period which ends on 9/1/2021. I've attached a couple historic documents showing the permit application and the permit in case you don't have them. This page on our website outlines the process a little: <https://idwr.idaho.gov/water-rights/FAQs.html> (See the section titled "What is the water right application process?")

Feel free to contact me anytime with questions.

-Allison
