Subject: Idaho Army National Guard Application for Permit

Dear Nick,

Enclosed on behalf of the Idaho National Guard, is an *Application for Permit* proposing domestic use from a new well not to exceed 13,000 gallons per day. Domestic use will be for showers and drinking water at a remote training campsite, thereby subject to IC 42-111(a) as an "organization camp". A supporting letter from Colonel J. Cole Packwood in this regard is attached to the application. Although exempt from the mandatory application and permit process, the applicant wishes to establish a recorded water right and would greatly appreciate expedited processing.

Check No. 014125 for \$100 is enclosed for the application filing fee. Thank you very much for your consideration and assistance in this matter. Please call me if you have any questions.

Sincerely,

Dear Sir or Ma'am,

The Idaho Army National Guard's purpose is to support the citizens of the State of Idaho. In order to maintain readiness for any eventuality we need to continually train to best be prepared to support our mission. The Orchard Training Area is a key state and national asset that allows the Idaho Army National Guard to effectively prepare for any potential disaster and has a significant economic impact on the region.

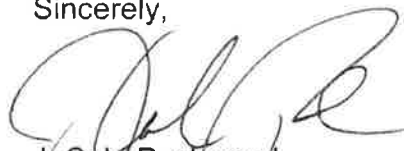

One of the key elements of maintaining a well-trained and effective force is having adequate water to supply our Soldiers. As the population of Idaho grows so does the scope of our mission. Based on our interpretation of the Idaho Statute 42-111 we believe that the Idaho Army National Guard qualifies as an "Organization Camp" thus allowing us to apply for exempted water rights of up to 13,000 gallons per day.

Having reviewed Title 42 of the Idaho Statute there is no current definition as to what constitutes an Organizational Camp. In keeping with the spirit of the code we believe that the statute was written to allow for exempted use for non-commercial entities. The Idaho Army National Guard is truly a domestic public asset that through the course of normal training is required to camp in the Orchard Training Area and have no other means to access water except through natural recourses.

The Idaho Army National Guard and State of Idaho Military Division do hereby respectfully request extending the title of "Organizational Camp" in order to meet the requirements outlined in Idaho Statute 42-111.

The point of contact for this request is LTC Lee D. Rubel at 208-272-3730
