Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received a resubmittal of your application on November 7, 2018. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- 3 – Source of water supply
 - Change source from "Deep Well" to "Groundwater."
- 4 – Location of POD(s)
 - Move quarter-quarter information from Government Lot box to the correct quarter-quarter boxes labeled "¼ ¼". All location information should be on same row.
- 5 – Water use
 - Change "irrigation purposes" to "irrigation."
- 7 – Proposed diverting Works
 - Note whether the well is existing or proposed (not drilled yet).
- 9 – Description of place of use
 - Place the "2.3" acres in the correct POU box. The written quarter-quarter suggests that it should be in the NWSW box (i.e.: NW quarter of the larger SW quarter).
- 12 – Narrative
 - Add the water bearing zone. This is not required for filing, but will speed the process of having to submit additional information at a future date before advertising.
- 14 – Map of proposed project:
 - Maps included with the resubmittal are incomplete; the 2011 NAIP would be acceptable if the POD is illustrated and labeled "POD", and the place of use (POU) boundary is represented (drawn) as line/polygon on the map outlining the perimeter of the proposed property/irrigable land and labeled "POU." The above edits to the map submitted on November 7, 2018, would be consistent with our rules that require: an 8½" x 11" map clearly identifying (i.e. labeled and illustrated) the proposed point of diversion (POD), place of use (POU), section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.
- Signature line
 - The application must be signed by the applicant. If the application is to be signed by the representative, a Power of Attorney must be included.

The original incomplete application is enclosed. Due to the number of corrections, IDWR requests that the application be amended on a new application form to avoid confusion and any potential delays in processing, with the original returned application as an attachment. If instead the original is edited, all changes must be initialed and dated by the applicant. Please make the necessary amendments and re-submit it within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

Sincerely,

Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on 10/03/18. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- 4 - Point of Diversion(s)
The Public Land Survey System information is incomplete. Please include the North/South designation for the township and the East/West designation for the range. Also the point of diversion must be located within a 40-acre tract.
- 9 - Place of Use
The Public Land Survey System information is incomplete. Please include the North/South designation for the township and the East/West designation for the range.
- 14 - The Map
You must include an 8½" x 11" map that clearly identifies the proposed point of diversion, place of use, section #, township, and range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred or you may use the mapping tool found on our website at <http://maps.idwr.idaho.gov/map/>. To use the tool click on the "Change layers" button at the top of the screen, select the background drop down menu and add the 2011 NAIP background. Then click on the "Locate" button to find the location of the proposed project.

The original incomplete application is enclosed. Please make the necessary changes to the original form and re-submit it within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

The Public Land Survey System information is incomplete. Please include the North/South designation for the township and the East/West designation for the range. Also the point of diversion must be located within a 40-acre tract.
- 9 - Place of Use
The Public Land Survey System information is incomplete. Please include the North/South designation for the township and the East/West designation for the range.
- 14 - The Map
You must include an 8½" x 11" map that clearly identifies the proposed point of diversion, place of use, section #, township, and range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred or you may use the mapping tool found on our website at <http://maps.idwr.idaho.gov/map/>. To use the tool click on the "Change layers" button at the top of the screen, select the background drop down menu and add the 2011 NAIP background. Then click on the "Locate" button to find the location of the proposed project.

The original incomplete application is enclosed. Please make the necessary changes to the original form and re-submit it within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

Sincerely,

Western Region Water Rights Staff
