NAME OF ECKHARDT FAMILY LLLP)	
_____)	

On September 12, 2018, Eckhardt Family LLLP (Eckhardt) filed Applications for Permit to Appropriate Water No. 67-15292 through 67-15298, and 67-15300 and Application for Transfer 82712 with the Idaho Department of Water Resources (Department). On November 23, 2018, Eckhardt filed Application for Permit No. 67-15322. John D. Hoff (Hoff) filed a protest to each of these ten applications. The Department held a pre-hearing conference on January 25, 2019. At the conference, the parties asked to schedule a hearing and to initiate discovery. The parties also discussed and did not oppose a proposal to consolidate the contested applications for hearing.

ORDER CONSOLIDATING MATTERS

Pursuant to Rule 556 of the Department's rules of procedure (IDAPA 37.01.01), "[t]he agency may consolidate two (2) or more proceedings for hearing upon finding that they present issues that are related and that the rights of the parties will not be prejudiced." In this case, all ten applications involve Jenkins Creek or a tributary to Jenkins Creek for stockwater and stockwater storage purposes. The parties for the applications are identical and the issues raised by the protestant against each application are nearly identical. Consolidating these matters for hearing will promote administrative efficiency and limit the expenditure of resources by the parties.

IT IS HEREBY ORDERED that the contested cases for Applications for Permit to Appropriate Water No. 67-15292 through 67-15298, 67-15300, and 67-15322, and Application for Transfer 82712 are consolidated for hearing.

PRE-HEARING CONFERENCE AND/OR HEARING PROCEDURE APPLICATION FOR PERMIT

ISSUES

Applications to appropriate the water of the State of Idaho are referred to as applications for permit, and are for the development of new water rights. Section 42-203A, Idaho Code, requires the department to consider the following issues in connection with an application for permit:

1. Will the proposed appropriation reduce the quantity of water under existing water rights?
2. Is the water supply sufficient for the purpose for which it is sought to be appropriated?
3. Was the application made in good faith or for delay or speculative purposes?
4. Does the applicant have sufficient financial resources with which to complete the proposed project?
5. Will the proposed use conflict with the local public interest, where local public interest is defined as interests that the people in the area directly affected by a proposed water use have in the effects of such use on the public water resource?
6. Will the proposed use be contrary to the conservation of water resources within the State of Idaho?
7. Will the proposed use adversely affect the local economy of the watershed or local area within which the source of water for the proposed use originates, in the case where the place of use is outside of the watershed or local area where the source of water originates?

BURDEN OF PROOF

The applicant has the initial burden of proof for issues 1, 2, 3, 4, 6, and 7 above and must provide evidence for the department to evaluate these criteria.

The initial burden of proof on issue 5, if applicable, lies with both the applicant and protestant as to factors of which they are most knowledgeable and cognizant. The applicant has the ultimate burden of persuasion, however, for this issue.

PROCEDURE

The department generally conducts an informal conference with the parties to determine the issues and to try to settle a protested matter before a hearing is scheduled. If a hearing is held, the department will issue a written decision based on the hearing record.

CONFERENCE

The purpose of a pre-hearing conference is to provide the opportunity for the parties and the department to familiarize themselves with a contested matter and to attempt to resolve the matter. At the conference, the department may also formulate and simplify the issues to avoid unnecessary proof, identify documents, schedule discovery, exchange proposed exhibits or prepared testimony, limit witnesses, discuss settlement or make settlement offers, schedule hearings, establish procedure at hearing, and address other matters that may expedite orderly conduct and disposition of the proceeding or its settlement. When attending the conference, please bring a calendar with your schedule for the next two–six month period from the date of the pre-hearing conference for the purpose of scheduling a hearing. Parties will be expected to discuss their availability at the prehearing conference for the purpose of scheduling the hearing.

HEARING

A hearing may be conducted according to Sections 42-1701A(1) and (2), Idaho Code and the department's Rules of Procedure. Copies of Idaho Code and the department's rules are available upon request or by accessing the department's website at: www.idwr.idaho.gov. The department records formal hearings, and copies of a hearing recording are available upon request. There may be a charge for reproducing the recording.

The hearing will likely be conducted by a hearing officer appointed by the Director rather than by the Director himself. If so, the hearing officer will prepare a recommended or preliminary order. Parties can petition for reconsideration of a decision or file exceptions. A brief to support exceptions may request oral argument. Parties may seek judicial review of any final order issued by the Director.

EXHIBITS

A party who plans to offer an exhibit as part of the hearing record must provide a copy of the proposed exhibit to the parties and to the hearing officer.

AMERICANS WITH DISABILITIES ACT

Any hearing scheduled will be conducted in a facility which meets the accessibility requirements of the Americans with Disabilities Act. If you require special accommodations in order to attend, participate in or understand the hearing, please notify the department no later than ten (10) days prior to the hearing.

PRE-HEARING CONFERENCE AND/OR HEARING PROCEDURE APPLICATION FOR TRANSFER

ISSUES

Applications for transfer are filed for the purpose of changing a point of diversion, purpose of use, period of use or nature of use of all or part of a licensed, decreed or statutory water right. Section 42-222, Idaho Code, identifies the following potential issues for the department to consider in connection with an application for transfer:

1. Will the proposed transfer reduce the quantity of water under existing water rights?
2. Will the proposed transfer constitute an enlargement in use of the original right?
3. Will the proposed transfer be contrary to the conservation of water resources within the State of Idaho?
4. Will the proposed transfer conflict with the local public interest, where local public interest is defined as interests that the people in the area directly affected by a proposed water use and its potential effects on the public water source?
5. Will the proposed transfer adversely affect the local economy of the watershed or local area within which the source of water for the proposed use originates, in the case where the place of use is outside of the watershed or local area where the source of water originates?
6. If the proposed transfer is for a municipal use, is it necessary to provide reasonably anticipated future needs for a municipal service area and is the planning horizon consistent with Sections 42-222 and 42-202B, Idaho Code?
7. Will the proposed transfer change the nature of use from an agricultural use, and would such a change significantly affect the agricultural base of the local area?

BURDEN OF PROOF

The applicant has the initial burden of proof for issues 1, 2, 3, 5, 6, and 7 above and must provide evidence for the department to evaluate these criteria.

The initial burden of proof on issue 4, if applicable, lies with both the applicant and protestant as to factors of which they are most knowledgeable and cognizant. The applicant has the ultimate burden of persuasion, however, for this issue.

PROCEDURE

The department generally conducts an informal conference with the parties to determine the issues and to try to settle a protested matter before a hearing is scheduled. If a hearing is held, the department will issue a written decision based on the hearing record.
