CONDITIONS OF APPROVAL

1. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the place of use.
2. Water diverted under this right is exchanged by leaving water in the Portneuf River and diverting an equal amount from Mink Creek at the point of diversion described above.
3. Diversion of water under this right is limited to those times when water is available for diversion under the priority of this right at the original point of diversion from the Portneuf River in the T7S, R35E, S21, NESE.
4. In the event of a water call due to scarcity on Mink Creek or its tributaries, this right has a priority date of October 25, 2018.
5. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 29D.
6. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
