Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records and has enclosed a computer-generated report for you. Please note, water rights 65-6279, 65-6280, and 65-6282 were not updated as they are not appurtenant to the property described in the deeds that were submitted. A refund has been requested and will arrive under separate cover from the State Controller's Office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4920.

Albert,

I've attached a letter and proof reports regarding the ownership change for H Hook LLC. Three of the 34 water rights are not appurtenant to the property described in the deeds. When I look at the place of use for those three water rights on ArcMap, the taxlot information shows the property owned by Prairie Wind Ranch LLC. The county hasn't updated their information in almost a year, so that information may not be current. If there is another deed for that property, I can update these three water rights. Otherwise I will update the other 31 and request a refund.

Thank you and have a great weekend.

RE: Change in Ownership Water Right Nos: 65-6279, 65-6280, and 65-6282

Dear Interested Party:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

 X Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

During our review of the documentation you submitted we found discrepancies between that documentation and the legal description of the place of use for the above-mentioned water rights indicated in your notice. I have enclosed a copy of the water rights for your reference.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 287-4920.

Sincerely,

Debbi Judd
