Conditions of Approval:

1. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Comments:

8. mholliday 10/12/2018 future ownership changes
Future ownership changes on this right need to take into account combined right 29-490B. A combined limit condition did not appear on right 29-13424 because it was decreed 8 years prior to the partial decree for late claim 29-490B, which partially overlaps 29-13424. The combined acre limit has been reduced to account for ownership splits 29-14148 and 29-14257, which were subtracted from parent right 29-13424 due to ownership changes on acreage that did not overlap 29-490B.
9. Ownership Change 11/30/2018 Split Right
Split into 29-13424 and 29-14287 due to change in ownership.

11. jhersley 11/30/2018 combined limit
The current owner of water right 29-490B split off his portion of this right. Water right 29-13424 no longer has a combined condition with water right 29-490B. Future splits of this right do not need to consider a combined limit.
