PROOF ACKNOWLEDGEMENT LETTER

RE: Permit Nos. 81-12013, 81-12014 & 81-12015

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use forms submitted for the above referenced permits. The next step in the process of developing water rights is for the Department to conduct field examinations to determine and confirm the uses being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examinations, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block

MEMORANDUM

TO: Water Right Permit Files 81-12013, 81-12014, and 81-12015

FROM: Daniel A. Nelson

DATE: January 2, 2019

SUBJECT: Preliminary In-house Field Exam Review

I did a preliminary review of the above permits for in-house review. It appears from the files that they are all for the same property and possibly using the same system. Even with the three rights combined, the irrigation authorized by the permits is below the 5 acre limit for in-house use. However, I am concerned if all three rights use the same system, and/or if they are for the same acres. I don't feel an in-house exam is prudent here. I would recommend that a field agent visit the site to determine exactly what is happening with these three rights.
