Jeff;

I assume, since you're working on finalizing this transfer, that there have been no protests. We haven't received any and the Department's website doesn't show any, but I'd appreciate it if you could just confirm this for me.

I have attached page three of the application, amended as you have requested. I also want to make sure that we have no need to re-advertise the transfer with this amendment.

Thank you,

D. Andrew Rawlings

Subject: City of Iona - Application for Transfer

Andrew,

In the process of finishing up the City of Iona's transfer I ran into some technicalities within our system. Although this water right will remain for the use of irrigation, I have to change it to a municipal use for the sake of merging the

irrigation water right with a municipal service boundary. To be consistent with our processing and documentation I will need an amended page 3 of the Transfer Application with the "Nature of Use" section on number 1 changed from Irrigation to Municipal. As soon as I get the amended page I can finish up with this Transfer. Let me know if you have any questions or concerns.

Thank you,

Jeff Nield
