IDAHO DEPARTMENT OF WATER RESOURCES
Water Right 63-34480

12/20/2018

Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

3. X35 Rights 63-34477, 63-34478, and 63-34480 when combined shall not exceed a total diversion rate of 0.84 cfs.
4. 105 If the surface water right 63-34479 is unavailable for any reason other than drought or curtailment by priority (for example abandoned, forfeited, sold, transferred, leased, used on another place of use, or disallowed by court decree), the right holder shall not divert ground water for irrigation purposes on the land with appurtenant surface water rights without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
5. The ground water source for this right shall be limited to water bearing formations no deeper than 200 feet below ground surface.
6. R65 This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the place of use.
7. R19 The right holder shall maintain totalizing measuring devices approved by the Department to measure and record the rate and volume of ground water diverted in connection with this right. The right holder shall measure flow from the well, record the maximum flow for a given month, measure and record the total volume of water diverted for each month, and measure and record the total volume of water diverted each year from the wells. The right holder shall maintain these records for a minimum of 10 years and shall make those records available to the Department for inspection at any given time.
8. 065 The right holder shall make full beneficial use of Right 63-34479 and shall limit the diversion of ground water under this right to those times when the Right 63-34479 is not available or is not reasonably sufficient to irrigate the place of use authorized under this right.
9. X35 Rights 63-34477, 63-34478, 63-34479, and 63-34480 when combined shall not exceed a total diversion rate of 1.04 cfs, a total annual maximum diversion volume of 243.9 af at the field headgate, and the irrigation of 55 acres.
10. 197 Upon specific notification by the Department, the right holder shall install and maintain an acceptable measuring device, including data logger, at the authorized point of diversion, in accordance with Department specifications.
11. Ground water diverted from the two points of diversion in Govt. Lot 4 (NWNW), Section 3, Township 4N, Range 1W is injected into Little Gulch Creek and diverted from Little Gulch Creek.
12. 213 Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized points of diversion in accordance with Department specifications.

4. jhersley 12/20/2018 QQ correction
It was brought to the Departments attention that the O/C completed in November, 2017, split off the incorrect QQ's. The split gave land to the Catholic Church located in T04N, R01W, Sec 3, NWNW and T04N, R01W, Sec 4, NENE. The correct QQ's are T04N, R01W, Sec 3, NWSW and T04N, R01W, Sec 4, NESE. No acres were changed, the POU was updated.

RE: Correction of Acre Location

Dear Water Right Owners:

In October, 2017, the Roman Catholic Diocese of Boise submitted an ownership change to split water rights 63-2958, 63-31988, 63-32010 & 63-33721. The Department split the water rights into water rights 63-34477, 63-34478, 63-34479 & 63-34480 in the name of the Roman Catholic Diocese of Boise. It was recently brought to the attention of the Department that the location of the water rights was incorrect.

The original split gave you a portion of the place of use for water rights 63-2958, 63-31988, 63-32010 & 63-33721 located in Township 04N, Range 01W, Section 3, NWNW and Township 04N, Range 01W, Section 4, NENE. The correct location of water rights 63-34477, 63-34478, 63-34479 & 63-34480 should be Township 04N, Range 01W, Section 3, NWSW and Township 04N, Range 01W, Section 4, NESE. The total acres was not changed only the location of the acres.

The Department has modified its records to reflect the corrected place of use. Enclosed is computer-generated report showing the correction for your records.

Please feel free to contact me at (208) 287-4942 if you have any questions concerning the enclosed information or this letter.

Sincerely,

Jean Hersley
Technical Records Specialist II
