Re: Val Wahlen Water Rights Transfer

Val Wahlen has requested that, as a secured lender, Western AgCredit acknowledge his water transfer between several Bingham County properties.

Currently, Western AgCredit has a security interest in the following water rights:

35-7019, 35-14349, and 35-1435.

It is my understanding that Val Wahlen is moving water from the corners of several pivots to adjoining land that is short on water right. Western AgCredit is fine with this water transfer as long as Western AgCredit's security interest in the above water rights remains in force through and after the water transfer.

Sincerely,

Garn Lovell
