RE: Application For Permit No. 47-17685

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the **TIMES NEWS on 12/20/2018 and 12/27/2018**. Protests to this application may be submitted for a period ending ten (10) days after the second publication. Any protest against this application must be filed with the Department of Water Resources, together with a protest fee of \$25.00 for each application, on or before **January 7, 2019**.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Maline
Administrative Assistant

BUHL ID 83316-5008

RE: Application For Permit No.(s): 47-17685 (Douglas & Terri Wickham)

Dear Charles:

A copy of the above referenced application is enclosed. Please review the application, complete the enclosed recommendation form as necessary, and return it to this office within 21 days of the date of this letter.

If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the water master, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR's regional offices can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

Sincerely,

Denise Maline
Administrative Assistant

RE: Application for Permit No(s). 47-17685 (Douglas & Terri Wickham)

Dear Frank:

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is enclosed for your reference. Please review the application, complete the enclosed recommendation form, and submit it to this office within 21 days. In addition, detailed information regarding this application(s) can be found on our website at research.idwr.idaho.gov.

The Department is currently publishing notice of the application, as part of the initial review process; and your response to this request is appreciated. If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication (*on or before January 7, 2019*).

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Maline
Administrative Assistant

Companion Applications for Permit 36-17121 and 36-17122 each propose to divert up to 10 cfs from 4 proposed wells for supplemental irrigation and pond use. The 4 proposed wells and places of use are located approximately 2 to 3 miles south of Hagerman between Highway 30 and the Snake River. The applicant proposes to appropriate trust water from a water source subject to the moratorium on new appropriations from the Eastern Snake River Plain area. The application includes an operation and mitigation plan intended to offset annual consumptive use and prevent injury to other water rights.
