Good afternoon,

I was recently assigned your application to appropriate water for domestic purposes from a spring tributary to crooked creek. Unfortunately your application was not received considered "Complete" because springs need to be specified to the $\frac{1}{4}$, $\frac{1}{4}$, $\frac{1}{4}$. Based on your application, to correct this please amend Item No. 4 of your application to reflect that the spring's location of point of diversion is located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$.

I have attached a scanned copy of your original application for your convenience. Please make the appropriate amendment, initial, date, and return to me at your earliest convenience so that I can resume processing your application as soon as possible. Additionally, Lot, Block, and Subdivision info for the POD location should be included as well.

If you have any questions or concerns in regards to this matter, don't hesitate to contact me.

Thanks,
