Hi Darla,

Back in June you helped us with IDPR interagency billing to file an extension on submitting proof of beneficial use for a pond at Castle Rocks State Park. We have now completed the work and I will be mailing you an original signature and completed statement of completion form. An example of what I'm sending is attached. I am writing to request an interagency billing as before. I'm expecting it to be \$150. Other than putting the original form in the mail, is there anything else needed from Castle Rocks State Park?

Yes. Should I have sent it to the Twin Falls office?

Thank you very much. If you don't receive it in today's mail it should be there tomorrow. I mailed it on Friday evening.

Attention: Darla Block, Technical Records Specialist

Idaho Department of Water Resources

I have received the notice (Dated **March 30, 2018**) that statement of completion is due for permit number 43-13740. The date to submit proof of beneficial use according to the letter was **June 1, 2018**. I've been recovering from an injury since early April and did not realize until today that it was still in my to-do box.

I immediately contacted Bill Mills in the Twin Falls office to receive further guidance on the statement of completion. I will put a hard copy in the mail today, but I have attached a digital copy to this email. I would request that you accept the \$50 fee through an interagency billing with the Idaho Department of Parks and Recreation. I am not sure how to set that up with your agency or who the contact person might be for that process. Can you advise?

Furthermore, I am hoping to speak with Corey Skinner upon his return from vacation about a couple of the requirements, and I am extending him an invitation to come visit this public facility for additional guidance. I have attached a few photos of the pond that demonstrates its completion.

My apologies for missing the deadline.
