Jill,

It was a pleasure to speak with you. Here are the documents I promised to send. WaterRight is the map. PD is the partial decree.

And here is a link to our website form page for getting the ownership updated. <https://idwr.idaho.gov/files/forms/notice-of-change-of-water-right-ownership.pdf> It is one of the simplest forms we use. The fee is \$25 for processing a single water right. The buyer will need to provide a few attachments including a copy of the warranty deed and a map of the property. But it would be great if you could at least provide them this information at the closing.

Sincerely,
Michele Edl

State of Idaho
Department of Water Resources

Water Right
63-26098

DOMESTIC

The map depicts the place of use for the water use listed above and point(s) of diversion of this right as currently derived from interpretations of the paper records and is used solely for illustrative purposes. Discrepancies between the computer representation and the permanent document file will be resolved in favor of the actual water right documents in the water right file.
