ACTION OF THE DEPARTMENT OF WATER RESOURCES

The Idaho Department of Water Resources hereby approves the above Application for Amendment for Permit No. 37-07842 with the following:

CONDITIONS OF APPROVAL

1. The issuance of this right does not grant any right-of-way or easement across the land of another.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.
3. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
4. The following rights are diverted through point(s) of diversion described above: 37-7842, 37-13043, 37-13112, 37-13113, 37-13114, 37-14264, 37-21401, 37-21402, 37-21403, 37-21404, and 37-21405.
5. Rights 37-7842, 37-13043, 37-13112, 37-13113, 37-13114, 37-14264, 37-21401, 37-21402, 37-21403, 37-21404, and 37-21405 when combined shall not exceed a total diversion rate of 647.38 cfs.
6. Pursuant to Section 42-234(4), Idaho Code, to ensure that other water rights are not injured by the operations of the recharge project authorized by this right, the Director has authority to approve, disapprove, or require alterations in the methods employed to achieve ground water recharge.
7. Pursuant to Section 42-234(3), Idaho Code, the Director may reduce the amount of water that may be diverted for recharge purposes under this right even though there is sufficient water to supply the entire amount authorized for appropriation under this right.
8. Prior to further diversion and use of water in accordance with this water right, the right holder shall obtain Bureau of Land Management authorization necessary to access the point of diversion or place of use or to convey water across federal land.
9. Places of use for groundwater recharge describing federal public lands within the canals and discharges outside of the canals onto federal public land are not authorized, unless specifically authorized in writing by the United States.

This amendment is issued pursuant to the provisions of Section 42-211, Idaho Code.

Signed this 13th day of July, 2017.
