ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 37-7842, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before June 1, 19 87.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. Other: Permit holder shall commence the excavation or construction of diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete.

A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works.

The issuance of this permit in no way grants any right-of-way or easement across the land of another.

Use of water under this permit is subject to control by the watermaster of State Water District No. 37, Big Wood River.

Permit shall be secondary to all prior water rights including rights held by any privately owned electrical generating company to appropriate waters in the reaches of the Snake River downstream from the Milner diversion for purposes of hydroelectric power generation.

The Director may regulate or reduce the rate of diversion under this permit pursuant to requirements of Section 42-4201, Idaho Code.

The permit shall not be assigned or sold without first securing the written approval of the Department of Water Resources.

Water may not be diverted under this permit until the Board of Directors of the District establish and implement a procedure acceptable to the Director for assuring that the water quality of the Lower Snake Aquifer will not be impaired.

Plans for recharge facilities and any conveyance works needed shall be submitted to the Department for approval prior to construction.

Witness my hand this 2nd day of June, 1982.

A. Glen Saxton
Chief, Operations Bureau
