Re: Change in Water Right Ownership: 75-4145 (Split into 75-4145 and **75-14928**)

Dear Water Right Holders:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4920.

Sincerely,

Debbi Judd

RE: Change in Ownership of Water Right No. 75-4145

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice). Our review of your Notice indicates that a split of the water right will be required as the place of use for this water right covers property you do not own. I have included a map for your benefit. The blue outline indicates the place of use for Water Right 75-4145 and the white shape indicates the legal description of the parcel described in the warranty deed you submitted.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for Water Right 72-10066 will be \$100. To complete the change in ownership you must submit the balance of \$75.

Because the Department cannot process the ownership change without proper fees, we will hold any action on your Notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days we will return your Notice and all attachments and your Notice will not be processed.

Idaho Code § 42-248 requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at: www.idwr.idaho.gov.

Please feel free to contact me at (208) 287-4920 if you have any questions.

Sincerely,

Debbi Judd
