SUBJECT: Irrigation information on Application For Permit 95-17681

Janet G. Briggs visited the IDWR Northern Region IDWR office on Nov. 6, 2018 to complete her Application For Permit (95-17681) for the Janet G. Briggs Family Trust at 14582 S Renner Lane. Ms. Briggs indicated that she already one recently completed home on the property and may wish to connect a second home at some point in the next five years.

The Application currently indicates that ^adrip irrigation system for 1-5 acres may be added to the water system. I reviewed the well record that Ms. Briggs had in her possession during our meeting, for Well D0076184. This record, for the well on her property, indicates yield of 7-10 Gallons Per Minute at the time of well completion. I told Ms. Briggs during our meeting at IDWR that she would have to apply for a second Permit if she expands Irrigation beyond the .5 acres allowable under the definition of Domestic use.

Ms. Briggs:

I failed to brief you on a couple of items relating to ownership of a second home on your property and a well upgrade fee for irrigation when you turned in your Application. Please give me a call about this at (208) 762.2800.

We are experiencing some intermittent computer network problems so I may not be able to reply by e-mail.
