RE: Water Right Permits No. 65-13459 and 65-13967

Dear Mr. Pancheri:

The Idaho Department of Water Resources (Department) is reviewing the permits referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit.

On September 7, 2018, I met with Nate Pancheri at the properties associated with these two permits. During that time, I GPS'ed the two well sites, and discovered that the points of diversion for water rights 65-13459 and 65-13967 were incorrectly described in the water right permits. In order to correct the permit, an amendment will be needed for each right. Please review the enclosed permits and maps to ensure that they are correct.

You will also notice that the amendment is in the name of the previous owner, so Darwin and Joan Pancheri will need to sign the amendment of permit forms unless we receive an assignment of permit form or a change of ownership form. I have enclosed an assignment of permit form and a change of ownership for your records.

Per our conversation during the field visit, you stated that you may want to wait until after the permits are licensed. This is acceptable, and there are no issues with waiting until the water rights are licensed to change the ownership of the rights. I do want to remind you that you will need to supply legal documentation with the change of ownership form showing the property was conveyed to the entity that you choose to maintain ownership of the water right.

The enclosed Application for Amendment forms depicts the elements of the water rights as they will appear on the license when issued. Please review the amendment form carefully. If you concur with the information presented, please sign and return the form with the \$100.00 filing fee for each water right for a total of \$200.00 within 14 days.

If you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel A. Nelson", with a long horizontal flourish extending to the right.

Daniel A. Nelson
