7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.

It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

13 **Narrative:** The Department received these applications on October 5, 2018. The current owner, Howard Wood, signed the applications. He wishes to place the entirety of both rights in the Bank. These rights were decreed in 2002. The state has issued drought declarations in Butte county in 2008, 2010, 2013, 2014 & 2015. Applicant states there isn't a current delivery system in place and the ground water comes from the spring, which has been dry off and on for many years. These water rights have been in the Bank since 2014. Forfeiture is not an issue. These rights are currently within WD 34.
