MEMORANDUM

To: Water Right Application 95-17666

From: Adam Frederick Af

Date: 10/18/2018

Re: Application for a Permit to Appropriate Water within the State of Idaho.

A complete application was received on October 17, 2018 in the name of Prairie Schooner LLC. On October 18, 2018, during review it was found the application was for municipal and irrigation. A phone call was placed to Bob Haynes, the representative, asking for all documents required for a municipal application or changing the application to domestic use. Mr. Haynes said he would change the application to domestic instead of municipal. Because there is no enlargement of the diversion rate there will be no need to advance the priority date because of the corrected use. The season of use for irrigation was identified at 4/1 to 10/31 but will be changed to 3/15 to 11/15 which is the correct season of use for that area.
