Conditions of Approval:

1. 004 This right does not grant any right-of-way or easement across the land of another.
2. 26A Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
3. 218 Water shall not be diverted from fire protection storage except to fight or repel an existing fire.
4. 220 The pond or reservoir established by the storage of water under this right shall not exceed a total capacity of 22 acre-feet.
5. 219 This right authorizes the annual storage of 58.7 acre-feet to be used for the initial filling of the pond or reservoir, for the replacement of losses caused by evaporation from the pond or reservoir and for the storage of water for cooling and fire protection purposes.
6. 027 Use of water under this right shall be non-consumptive.
7. 082 Prior to the diversion and use of water under this approval, the right holder shall comply with applicable county zoning and use ordinances.
8. 18B The impoundment of water under this right is contingent upon the issuance of a certificate of approval per the dam safety provisions of Idaho Code and subsequent written authorization by the dam safety program administered by the Department.
