Re: Permit No. 63-33639 (Snake River Dairies LLC)

Dear Ms. Skaggs:

On October 9, 2018, I received a phone call from my client Snake River Dairies LLC, regarding the enclosed lapse notice issued by the Department. Please note that, while the notice indicates I was copied on it, as of the date of this letter, I have not received it. If you would please verify the mailing address the Department used and get back to me, I would greatly appreciate it.

By way of update, Scott King of SPF Water Engineering is preparing the beneficial use field exam report and expects to complete and submit that report well before the 60-day deadline to reinstate the permit. If you have any particular questions about the report or its status, please feel free to contact Scott or me directly.

Thank you for your attention to this matter.

Pamela S. Skaggs

Dylan,

I am sorry you hadn't received the lapse notice for water right 63-33639 by October 11, 2018, the date of your letter. The notice might have inadvertently been sent to you at Moffat Thomas. Your contact in the department's data base has been updated. I apologize for the confusion.
