Re: Corrected Change of Ownership for Water Right No(s): 34-13977, 34-13979, 34-13981 & 34-13983

Dear Water Right Holder(s):

Prior to receiving your notice of change in water right ownership for the above referenced water rights in 2008, we received an ownership change from John and Rae Kangas which split water right nos. 34-451D, 34-823, 34-824A, and 34-2401D into water right nos. 34-13977 through 34-13984. While reviewing transfer 82620 recently, it was discovered that the Kangas ownership change processed in 2008 was not divided correctly. Therefore, the Department has corrected its ownership records based on the deeds submitted in 2007 and has enclosed a computer-generated report for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see § 42-222 and §42-223, Idaho Code.

Also note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you for your patience. If you have any questions concerning the enclosed information, please feel free to contact me at (208) 525-7161.

Sincerely,

Michael Holliday
Water Rights Supervisor
