As Modified by Transfer No. 82374

CONDITIONS OF APPROVAL

4. The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.
5. The appropriator is entitled to the quantity of water described for stock water purposes at a point of measurement where the delivery ditch enters the place of use described.
6. This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
7. The period of use for irrigation described above may be extended in seasons of unusual characteristics to a beginning date of 04-20 and an ending date of 10-31 at the discretion of the director of the Idaho Department of Water Resources.
8. Water is delivered through the Darlington Ditch.
9. This right does not grant any right-of-way or easement across the land of another.
10. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
11. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 34.
12. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
13. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
14. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.
