Conditions of Approval:

IDAHO DEPARTMENT OF WATER RESOURCES

Water Right Report 36-16930

1. 004 This right does not grant any right-of-way or easement across the land of another.
2. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
3. T07 The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
4. X36 Rights 36-15994 and 36-16084 are also diverted through the points of diversion described above.
5. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
6. R02 A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
7. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
8. R64 This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
9. 131 Prior to the diversion and use of water under Transfer approval 72546, the right holder shall install and maintain acceptable measuring devices, including data loggers, at the authorized points of diversion and in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
