RE: Notice of Change in Water Right Ownership for Water Right 67-4485

Dear Interested Party,

The Department of Water Resources (Department) received your request for a Notice of Change in Water Right Ownership for water right 67-4485. . Our review of your notice indicates that additional information is required before we can process the change.

The warranty deed you provided does not include a portion of the place of use located in Township 12N, Range 6W, Section 25, NWSE. The land is owned by the Bureau of Land Management (BLM). Unless you can provide documentation from BLM stating you can hold a water right on BLM land, the Department will need to split this water right. This would require an additional filing fee of \$75.

Another option is to file a late claim in the Snake River Basin Adjudication (SRBA). I have enclosed a pamphlet titled "Livestock Water right on Federal Grazing Allotments". This pamphlet should answer any questions regarding an SRBA claim you might have. Please note, if you file a late claim in the SRBA, you will be required to show evidence of the date when water was first beneficially used on the federal land and that you can hold a water right on federal land among other information.

The Department cannot process the ownership change without proper information or additional fees. We will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or within 30 days the Department return the Notice of Change in Water Right Ownership and documents unprocessed and request a refund of \$25.

Please feel free to contact me at (208) 287-4942 if you have any questions regarding this matter.
