5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future:

The existing well is equipped with a pump and connection to the meetinghouse building. A meter could be inserted into the outlet pipe if needed, however, since the use is domestic it is assumed it will not be metered.

- b. Who owns the property at the point(s) of diversion? The Applicant

If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?

If yes, ☐ attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it **Attachment #6**. List the name of the entity and type of lien:

It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.

- d. Are any of the water rights proposed for transfer currently leased to the Water Supply Bank?

If yes, ☐ complete Attachment WSB.

- e. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:

This change will not effect any changes to the place of use. This change was initiated only to correct the record to show where the well is located.

- f. Describe the use of any other water right(s) for the same purpose or land, or the same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:

- g. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

Yes No

- ☐ ☒ undergone a period of five or more consecutive years of non-use,
☐ ☒ currently leased to the Water Supply Bank,
☐ ☒ currently used in a mitigation plan limiting the use of water under the right, or
☐ ☒ currently enrolled in a Federal set-aside program limiting the use of water under the rights?

If yes, describe:

Subject: Water Right 25-12185

Dear Mr. Jordan:

We are filing the accompanying application for Transfer of Water Right – Point of Diversion, to correct the records shown on the State's system. This water right is used for domestic purposes in an LDS Church building located in Lewisville, Idaho. Your mapping information showed this right attached to an irrigation well that has been abandoned. The correct location of the well is shown on the attached map. The well has a well tag, AO 018325, and is separate from the irrigation systems and wells used to irrigate the Church property. A phot of the well tag is attached. We have also attached maps showing the vicinity of the well and a tie to the section corner.

If you have any questions concerning this request, please contact me at 801-240-3263, or mdavidson@ldschurch.org.

Sincerely yours,

Mathew Davidson, P.E.
