Re: Change in Ownership for Water Right No(s): 29-13654 (Split into 13-654 & 29-14258) and 29-13656 (Split into 13656 & 29-14259)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. This application was complete in April of this year, during a review of these water rights a couple errors were found, corrected and adjustments were made to acre limit. For your convenience I have highlighted the changed items. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code, §42-222 and §42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within **120 days** of the change. Water right forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please contact me at (208) 525-7161 or Michael Holliday at the same number.

Sincerely,

Jonie Barg
