Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley

RE: Notice of Change in Water Right Ownership No(s). 65-0863(should be 65-8063) and 65-9085

Dear Interested Party(s):

The Department of Water Resources received a Notice of Change in Water Right Ownership from you on February 23, 2018. During the review, it was discovered that additional information was needed to complete this request.

The information needed is a chain of title for the quitclaim deed you provided that conveys the land from Dot Family Living Trust to the Elise E Krause and Richard D Krause. The Department needs to see the deed that conveyed the land Dot Family Living Trust from Dorothy M. Gestrin-Rising since water rights 65-9085 and 65-8063 are currently in her name.

Please note, on the form sent to the Department requesting the ownership change, water right 65-0863 was listed. Water right 65-0863 is a domestic water right located in Township 6N, Range 1W, Section 8, NWNW and not appurtenant to your land. However, water right 65-8063 is appurtenant to the land described in your deed. When the necessary documents are received, the Department will update the ownership of water right 65-8063.

Also note, it appears water right 65-3844 is also appurtenant to the land conveyed in the deed you provided. If you would like this water right updated, please submit a request to add water right 65-3844 to the Change in ownership form and submit an additional \$25 with the other requested documents.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your request unprocessed. You can send the documents to the address above, fax it to (208) 287-6700, attention Jean or email to jean.hersley@idwr.idaho.gov.

Please contact me at (208) 287-4942 if you have any questions regarding this matter.

Sincerely,
