RE: Linderman Application 47-17664 for a .02 C.F.S. Domestic Permit

Dear Mr. Skinner:

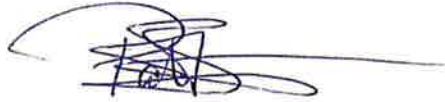

As you know from before, including my May correspondence to you, I represent Sally and Mike Hamilton who have protested the above application for a permit to appropriate water for irrigation. I understood that the pump had been removed from the ditch last year and, consequently, there was no need to move forward with the protest.

I copied J. Dee May who represents the Lindermans on my last correspondence to you. He has advised me that his client are still attempting to work out some sort of solution but my clients remain oblivious to what the solution might be. I continue to understand that the Lindermans are pumping water from the ditch and remain unable to identify any rights under which such pumping could legally occur.

Could you please schedule a prehearing conference so we may all work with IDWR to move the case to hearing or otherwise resolve the issues? I appreciate your attention to this matter and hope that we may schedule a hearing by early July.

Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to be "Patrick D. Brown", with a long horizontal line extending to the right.
