Re: John Lezamiz Family LTD Partnership

Dear Mr. Cefalo:

It is proposed to transfer the entire amount of water under water rights 34-14620, 34-14621 and 34-13880 to a new point of diversion and a new place of use. It is also proposed to create a permissible place of use of 186.0 acres in which the 15.2 acres of irrigation will be located.

John Lezamiz Family LTD Partnership has entered into an agreement with current water right owners that will finalize the purchase of 34-14620, 34-14621 and 34-13880 after the transfer is approved.

The irrigation of the 15.2 acres has not been allowed to occur because the current owner of the authorized point of diversion will not allow anyone else to divert irrigation water from the well. Because of this fact, water rights 34-14620, 34-14621 and 34-13880 should be allowed to be transferred and beneficially used for irrigation purposes.

IDWR is welcome to contact the current well owner to discuss the lack of any water use agreement.

Please copy our office on all correspondence regarding this application.

Sincerely,

Greg Sullivan, M.S., Engineer
