Ms. Capener,

Attached is the Curtailment Order sent to the 235 E Yellowstone address we had on record for your water rights 35-7639 and 35-9067. The WMIS numbers for your wells to be measured by the single flow meter are 1000019 and 1000020. According to our records these two wells are currently measured through a non-approved flow meter.

As we discussed on the phone today, I highly encourage you to call Irrigation Systems Inc to inquire how fast they can install the Sparling Tigermag you purchased. Getting this flow meter installed properly and in a fashion that measures the diversion from both wells should be a priority for you. It would be ideal if the flow meter can be installed this weekend or by Monday of next week.

Also attached is a change of address form to update our information on the two water rights.

Please let me know tomorrow or Friday of any progress made.

Regards,

Brian
