**RE: DENIED APPLICATION TO LEASE A WATER RIGHT TO THE WATER SUPPLY
BANK FOR WATER RIGHT NO. 37-7343**

Dear Applicant:

The Department of Water Resources received your application to lease a portion of water right 37-7343 from you on December 29, 2017. Water Supply Bank Rules also known as IDAPA 37.02.03 states that an application shall be submitted with Information showing that a water right has not been lost through abandonment, or forfeiture as defined by Section 42-222(2), Idaho Code.

Idaho code § 42-222(2) states in pertinent part, "All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to beneficial use for which it was appropriated.

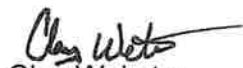

A review of aerial imagery between when the right was partially decreed in the Snake River Adjudication and 2017 when the applications for lease were received show that the acres offered to be idled were not put to beneficial use.

The Department sent a request for additional information to show an exception or defense to forfeiture IAW Idaho Code § 42-223 on March 14, 2018. Your reply received on April 2, 2018 did not provide evidence of water right 37-7343 being protected from forfeiture as outlined in Idaho Code § 42-223.

Therefore, the applications for lease of this water right is denied due to concerns of forfeiture of the acres offered to be idled.

I am also enclosing your application for extension of time to avoid forfeiture of a water right, which was received without fees, unprocessed for the same reasons stated above. If you have any questions, please contact me at (208) 287-4910.

Respectfully,

Clay Webster

Water Rights Supervisor

DEPARTMENT OF

Dear Mr. Webster

Regarding your letter of March 14, 2018, I put water right 37-7343 in the hands of the North Snake Ground Water District in exchange for canal water until 2010, when the canal company could not deliver enough water for irrigation. Although I did resume pumping some groundwater in mid-2010, I did not remove the remainder of the water right from the North Snake Ground Water District control and protection. I believe this shields it from forfeiture.

I spoke with Bill Mills, in your Twin Falls office, before I made this application and he assured me that the five years can be extended out to seven years and that I did qualify. You will have to speak with Mr. Mills about the pathway to seven years of eligibility, I do not know all of the laws. I will file the extension form you mentioned.

Sincerely,

Bryan Ravenscroft

**RE: APPLICATION(S) TO LEASE A PORTION OF WATER RIGHT NO(S). 37-7343 TO
THE WATER SUPPLY BANK**

Dear Applicant:

On December 29, 2017, the Department of Water Resources (Department) received your application to lease water right 37-7343 to the Water Supply Bank (Bank). Water Supply Bank Rule 25 (also known as IDAPA 37.02.03.025) requires the Department to evaluate whether the water right has been lost through abandonment or forfeiture as defined by Section 42-222(2), Idaho Code. Section 42-222(2) states, in part, "All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated." Exceptions or defenses to forfeiture are defined by Section 42-223, Idaho Code.

A review of aerial photography between 2002 when the right was partially decreed in the Snake River Basin Adjudication and 2017 shows no evidence of irrigation on the acres proposed to be leased to the Bank. Please provide, within **30 days**, any additional information to show beneficial use has occurred in the last 5 years. If the additional information is not provided within 30 days, the Department will return your application unprocessed and refund your filing fee.

Please note that a water right is not protected from forfeiture unless it is accepted into the Bank or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may also consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form(s) available from the Department's website at www.idwr.idaho.gov.

If you have any questions regarding this matter, please contact me at (208) 287-4944.

Sincerely,

for Clay Webster

Jean,

I spoke with NSGWD and they have not had any conversion or recorded a plan to give credit to Mr. Ravenscroft. He is a member of the ground water district and is protected from curtailment by their mitigation efforts.

Subject: water right 37-7343

We received a Water Supply Bank Lease Application for water right 37-7343. The application states the 40 acres proposed for the WSB have been part of a mitigation plan with North Snake GW District.

Dan Nelson suggested I contact you and see if this right is still a part of the mitigation plan or if it has been released. If it is not a part of the plan, when was the right released? Any information you can give me on this would be greatly appreciated. Thank you.

**RE: APPLICATION TO SELL LEASE A WATER RIGHT TO THE WATER SUPPLY BANK
FOR WATER RIGHT NO. 37-7343**

******TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources received your application to Lease Water Right 37-7343 and 37-21261 from you on December 29, 2017. Water Supply Bank Rules also known as IDAPA 37.02.03 states that an application shall be submitted with proof of current ownership of the water right applicant. This application was received with attachment 1A showing that Allan Ravenscroft named you as the "Designated Applicant". In addition there is a letter signed by Allen Ravenscroft stating that he is the Estate Executor for Vernon F Ravenscroft. The current owners of the water right on record with the department are Harriet B. and Vernon F. Ravenscroft. The department will need some legal documentation to prove that Bryon Ravenscroft has authority to file this application prior to processing.

One of the following three options would allow us to process this lease application:

1. Please provide legal documentation that designates Allan Ravenscroft as the executor of the estate of Vernon F. and Harriet B. Ravenscroft.
2. In the event that one of the owners has passed away, the other owner could sign the Lessor Designation Form (enclosed) naming Bryan Ravenscroft as the "Designated Lessor". Provide this form with a copy of the Death Certificate of the deceased owner so that the department could remove them from the ownership of water right 37-7343.
3. Provide a Notice of Change of Water Right Ownership which can be found at <https://idwr.idaho.gov/files/forms/notice-of-change-of-water-right-ownership.pdf> along with a copy of the conveyance document that conveyed the property with appurtenances or water right 37-7343 from the current owners to the applicant, with a map and the filing fee of \$25.00.

If the Department does not receive the information requested within 30 days of this letter the application will be returned unprocessed and the department will request a refund of your application filing fee. If you have any questions, please contact me at (208) 287-4910.

Respectfully,

Clay Webster
Water Rights Supervisor
