AGREEMENT FOR PURCHASE AND SALE OF WATER RIGHT

THIS AGREEMENT FOR PURCHASE AND SALE OF WATER RIGHT (this "Agreement") is made and entered into this 26th day of March, 2018 (the "Effective Date"), by and between **DEG Enterprises 3 LLC**, and Idaho limited liability company, whose address is 2201 N. Whitney Drive, Pocatello, Idaho 83204 (hereinafter "Seller"), and **Power County Board of Commissioners**, whose address is c/o Ron Funk, Power County Commission Chairman, 543 Bannock Ave., American Falls, Idaho 83211 (hereinafter "Buyer"). Buyer and Seller are individually a "Party" and together the "Parties".

RECITALS:

- A. Seller is the owner of Water Right No. 29-7906 (the "Water Right"). The Water Right is more fully described in the reports obtained the Idaho Department of Water Resources ("Department" or "IDWR") attached hereto as **Exhibit 1**.
- B. The Water Right is licensed for 0.11CFS/21.6AFA to irrigate a place of use of 5.4 acres.
- C. Seller is the sole owner of the Water Right.
- D. Seller desires to sell and Buyer desires to buy Water Right No. 29-7906, contingent upon Idaho Department of Water Resource's ("IDWR") approval of transfer application moving the point of diversion and place of use to Falls View Cemetery.

IN CONSIDERATION of the mutual representations, warranties, and covenants contained herein, the Parties, intending to be legally bound hereby, agree as follows:

AGREEMENTS:

1. Property Purchased. Seller hereby agrees to sell to Buyer, and Buyer agrees to buy from Seller on the terms and conditions herein specified, the Water Right. Water Right No. 29-7906 is referred to herein as the "Purchased Water Right."

2. Purchase Price.

(a) Purchase Price. The purchase price for the Purchased Water Right shall be [REDACTED] per acre or the maximum appraised value if less than [REDACTED] per acre, whichever is less, provided Seller may cancel if

the appraised price is less than [REDACTED] per acre, (the "Purchase Price"). The Purchase Price shall be paid in cash at closing.

(b) Fees and Costs. The cost of recording the Deed shall be paid by Buyer. Buyer shall also be responsible for any costs associated with an application for water right transfer to amend the Purchased Water Right to describe Buyer's property or portions thereof as the authorized place of use for the Purchased Water Right. All other expenses not specifically referenced in this Agreement with respect to this transaction shall be borne and paid exclusively by the Party incurring the same, without reimbursement.

(c) Closing. Closing shall occur within thirty (30) days of the date IDWR issues an order approving the transfer application moving the point of diversion and place of use to Falls View Cemetery. At closing Seller will issue a warranty deed conveying free and clear title to the water right to Buyer and Buyer shall pay the Purchase Price to Seller. Additionally, a Notice of Change of Water Right Ownership will be signed and filed with IDWR for the purpose of changing ownership of the Water Right from Seller to Buyer. In the event IDWR does not approve the transfer application this Agreement shall be deemed cancelled and void. If IDWR reduce the usable water right at the new point of diversion, Falls View Cemetery, by an amount greater than ten percent (10%) of the current water right, then Buyer will have the option to cancel this agreement.

3. Seller's Representations and Warranties. Seller hereby represents and warrants to Buyer as of the Effective Date of this Agreement as follows:

(a) Authority. Seller has the full legal right, power, and authority to enter into and perform this Agreement, and will obtain good marketable title to the Purchased Water Right in fee simple, and Seller (at its expense) shall remove, or cause to be removed, all liens, claims, or encumbrances, whether of record or not, upon or affecting the Purchased Water Right.

(b) Conveyance. Seller shall then convey the Purchased Water Right free and clear of all liens, encumbrances and restrictions, except such restrictions on the use of water as may appear on the water right records contained in **Exhibit 1**.

(c) No Representation or Warranty Concerning Suitability for Buyer's Intended Use. Seller has not made, and hereby makes, no representation or warranty to Buyer except as expressly contained in this Agreement.

4. Buyer's Representations and Warranties. Buyer hereby represents and warrants to Seller as of the Effective Date of this Agreement as follows:

(a) Authority. Buyer has the legal power, right and authority to enter into this Agreement and to perform Buyer's obligations hereunder.

(b) Buyer's Due Diligence. Buyer and Buyer's consultants and counsel have had a full opportunity to review all documents, records and other information made available to Buyer by Seller and/or otherwise reasonably available to Buyer through public or other sources, related to the nature and extent of the Purchased Water Right, the laws and rules affecting their

transfer and use by Buyer, and the suitability or fitness of the Purchased Water Right for Buyer's intended purposes.

5. Warranties to Survive Closing. All representations and warranties made by the Parties herein are also covenants, and each Party shall take all such actions as may be required to satisfy said covenants and to cause the representations and warranties to be true on and as of the closing. The Parties' respective obligations to close and consummate the transaction contemplated herein are contingent upon the representations, warranties and covenants contained in this Agreement being true, valid and satisfied on and as of the closing. All such representations and warranties shall survive the closing.

6. Miscellaneous.

(a) Attorneys' Fees. If either party commences any legal action or proceeding to enforce any of the terms of this Agreement (or for damages by reason of an alleged breach hereof), the prevailing party therein shall be entitled to recover from the other, in addition to any other relief granted, its reasonable attorney's fees, costs and expenses incidental to such legal action.

(b) Merger. This Agreement supersedes any and all other written or verbal agreements between the Parties hereto regarding the Purchased Water Right. Neither Buyer nor Seller shall be bound by any understanding, agreement, promise, representation or stipulation, express or implied, not specifically contained herein.

(c) Broker. It is understood and agreed by and between the Parties that the transaction herein contemplated does not involve a broker for either Seller or Buyer. To the extent any broker commissions are owed as a result of this transaction by Buyer, Buyer agrees to be solely liable therefore, and Buyer agrees to indemnify Seller from any such commissions. To the extent any broker commissions are owed as a result of this transaction by Seller, Seller agrees to be solely liable therefore, and Seller agrees to indemnify Buyer from any such commissions.

(d) Remedies Cumulative. Upon any breach, any and all rights and remedies which either Party may have under this Agreement or by operation of law or equity, shall be distinct, separate and cumulative and shall not be deemed inconsistent with each other. No such right or remedy, whether exercised by said Party or not, shall be deemed to be in exclusion of any other right or remedy, any two or more of all such rights and remedies may be exercised at the same time or separately as desired.

(e) Further Documents. The Parties hereby agree that they shall sign such other and further documents as may be required to carry into effect the terms and conditions of this Agreement.

(f) Enforceability. The validity or enforceability of any term, phrase, clause, paragraph, restriction, covenant, agreement or other provision hereof, shall in no way affect the validity or enforcement of the remaining provisions, or any part hereof.

(g) Counterparts. This Agreement may be executed in any number of counterparts for all the convenience of the Parties, all of which, when taken together and after execution by all Parties hereto, shall constitute one and the same Agreement.

(h) Governing Law. This Agreement shall be governed by the laws of the State of Idaho.

(i) Successors. This Agreement is for the benefit only of the Parties hereto and shall inure to the benefit of and bind their respective heirs, agents, personal representatives, successors and assigns.

Brady Substation Lands Falls View Cemetery Irrigation Pump Station

License No. 582

This License Agreement ("**License Agreement**") is entered into as of this 7th day of April, 2017 ("**Effective Date**"), between Idaho Power Company, an Idaho corporation, its successors and assigns (collectively, "**Licensor**") and Falls View Cemetery Maintenance District ("**Licensee**") with respect to the following:

A. Licensor owns that certain property located in Power County, State of Idaho, as described in **Exhibit A** attached hereto and made a part hereof ("**Licensor's Property**").

B. Licensee owns property adjacent to Licensor's Property, as described in **Exhibit B** attached hereto and made a part hereof ("**Licensees Property**").

C. Licensee desires non-exclusive use of that portion of Licensor's Property described and depicted in **Exhibit C** attached hereto and made a part hereof ("**License Area**") for the limited purposes of installing, operating, maintaining and repairing as necessary, at Licensee's sole cost and expense, an irrigation pump station facility ("**Irrigation Pump Station**") more particularly described below:

A submersible water pump for irrigation purposes to be installed in Licensor's existing ground water well shaft; an underground water line extending from the irrigation pump to Licensee's Property; an overhead power line, a meter to serve the Irrigation Pump Station; an access road, and other related and necessary structures and improvements (collectively referred to herein as "**Licensee's Improvements**").

D. Licensor is agreeable to such limited use of the License Area subject to all of the terms and conditions herein.

Now therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Grant of License.

a. Generally. Licensor grants to Licensee a non-exclusive license ("**License**") for the Term described in Section 3 below to use the License Area for purposes of installing, operating, maintaining and repairing as necessary Licensee's Improvements, to include ingress and egress to Licensee's Improvements as provided in Section 1(c) below, subject to the terms and conditions hereof and for no other purpose whatsoever. This License is personal to Licensee, solely for the benefit of Licensee. This License shall not be deemed to run with the land or in any other way create a perpetual interest in the License Area for the Licensee or Licensee's Agents, defined in Section 9 below, or Licensee's successors or assigns, or any other person or entity.

b. **Licensors Reserved Rights.** Licensors shall at all times have the full use of the License Area for any purpose it desires, said rights being paramount to any rights or privileges of Licensee hereunder. Licensees use of the License Area is subordinate to Licensors use of the License Area and shall not at any time conflict with or impair Licensors use of the same or Licensors operations on the Licensors Property or License Area. Licensee also acknowledges and agrees that there may be other users of the License Area besides Licensors and Licensee, and Licensees use of the License Area is non-exclusive with such other users.

c. **Access to the License Area.** To access the License Area, Licensee shall be authorized to use the twenty-foot (20') wide access route located upon that portion of Licensors Property as depicted on Exhibit C ("**Access Road**"), said use being subject to all of the terms and conditions of this License. In exercising its right of access to the License Area over the Access Road, Licensee shall comply with any reasonable security procedures utilized by Licensors, and other conditions reasonably imposed by Licensors or of other Licensees or occupants of Licensors Property. If Licensee causes any damage to Licensors Property, Licensee shall promptly repair the same to Licensors satisfaction at Licensees sole expense.

d. **License Fee.** Licensors acknowledges the mutually beneficial relationship between Licensors and the City of American Falls and Falls View Cemetery as consideration for this License and hereby waives any license fee ("**License Fee**") requirement for this license. Licensors, at Licensors sole discretion reserves the right to require Licensee to pay an annual License Fee in an amount determined by Licensors should future circumstances, in Licensors opinion, warrant a License Fee payment.

e. **Fence Relocation Fee.** Upon the Effective Date, Licensee shall pay to Licensors a one-time fence relocation fee ("**Fence Relocation Fee**") of [REDACTED] for the relocation of the Brady Substation perimeter fence ("**Perimeter Fence**") around the Premises. The Fence Relocation Fee will reimburse Licensors for the cost of relocating the "**Perimeter Fence**" on Licensors Property to make room for Licensees Improvements under this License Agreement.

At Licensors discretion, upon the end of Term of this License, Licensee shall, at Licensees sole expense, pay to Licensors all costs required to relocate the Perimeter Fence to its original location as existed prior to creation of the Premises under this License.

2. **Revocable.** This License may be revoked by Licensors and thereby terminated at any time and for any reason whatsoever in Licensors sole and absolute discretion upon delivery of written notice to Licensee at the address provided in Section 13, below. This License shall be deemed revoked and terminated immediately upon delivery of such notice. Upon revocation, Licensee and Licensees Agents shall immediately cease and desist all use of the License Area and Access Road as provided in Section 3 below. Any continued use of the License Area after revocation shall be considered a trespass over Licensors private property.

3. **Term.** The term of this License ("**Term**") shall commence on the Effective Date and shall continue in full force and effect until (i) the parties mutually agree to terminate this License, (ii) Licensee in its sole discretion terminates this License, (iii) Licensors terminates this

License upon Licensee's default as provided in Section 15, below, or (iv) Licensor revokes this License pursuant to Section 2, above.

Upon cancellation or termination of this License, Licensee shall, within ninety (90) days, remove at Licensee's expense all of Licensee's Improvements from the License Area, unless otherwise agreed upon by Licensee and Licensor in writing, and Licensee shall advise Licensee's Agents to immediately cease and desist in all use of the License Area and Access Road. Any continued use of the License Area or Property after the termination of this License (other than for the removal of Licensee's Improvements) shall be considered trespass over the Property. Licensee shall leave the License Area in a condition at least as good as its condition prior to the execution of this License, ordinary wear and tear excepted. The terms and conditions of this License shall continue to apply to Licensee during Licensee's removal of Licensee's Improvements under this Section 3. If Licensee fails to remove all of Licensee's Improvements within ninety (90) days, Licensor shall have the option at its sole discretion to take ownership of the improvements in place or to remove the improvements at the sole cost and expense of Licensee.

4. **Water Use Fee.** During the Term of this License, Licensee shall pay an annual water use fee ("**Water Use Fee**") for use of 0.5 cfs of Licensor's ground water shares appurtenant to Licensor's Property and maintained in the Idaho Water Resource Board Water Bank ("**Licensor's Water Bank Shares**"), as follows:

If Licensor's Water Use Fee is not paid within ten (10) days after the due date, Licensee agrees to pay a late charge equal to ten percent (10%) of Licensor's Water Use Fee. Acceptance of such late charge by Licensor shall not constitute a waiver of Licensee's default nor prevent Licensor from exercising any of the other rights and remedies hereunder.

b. **To the Idaho Water Resource Board Water Bank ("**Water Bank**"):** Upon Licensee's receipt of the Water Bank's annual invoice for use of Licensor's Water Bank Shares, Licensee shall pay to the Water Bank a Water Use Fee ("**Water Bank Water Use Fee**") equivalent to ten percent (10%) of the total annual cost for Licensee's use of Licensor's Water Bank Shares, per the terms of the Water Bank invoice.

Licensor, at Licensor's sole discretion, may require Licensee to develop and implement a revegetation plan that is acceptable to Licensor. To facilitate revegetation, Licensee shall stockpile material excavated during maintenance activities and shall use said material as backfill for the excavated area. Excess material that is not used as fill shall be recontoured and revegetated to Licensor's specifications or removed from Licensor's Property to an approved dumping location. Should Licensee's revegetation efforts for any disturbed area fail, Licensee, upon receipt of an invoice from Licensor, agrees to reimburse Licensor for Licensor's time and materials used for revegetation.

2. **Storage on License Area.** Licensee shall not store building, construction and/or pumping materials or machinery on the License Area. Licensee shall dispose of all materials or other spoils associated with Licensee's construction, operation, maintenance or repair of the License Area and Licensee's Improvements, outside the License Area and Licensor's Property.

Licensee agrees to request Licensor approval for any modification, alteration, or addition to Licensee's Improvements or change of use of the License Area by submittal of a proposal to Licensor. The scope of Licensee's proposal may require additional cultural resources investigations within the License Area which may increase the time necessary for project approval.

d. If in the course of carrying out allowed activities (section 5b, above), or activities proposed and approved hereunder, should Licensee observe cultural materials (i.e.: stone tools, pottery, human skeletal remains, buried archaeological features of any type (fire pits, hearths, anthropogenic soils, ash or soil stains), or other prehistoric or historic artifacts), Licensee shall immediately cease all activity in the area of the discovery and shall notify Licensor's Cultural Resource Manager at (208) 388-

Re: Power County Board of Commissioners Transfer

RECEIVED
JUL 20 2018
Department of Water Resources
Eastern Region

Dear Mr. Cefalo:

The Power County Board of Commissioners have entered into an agreement to purchase water right 29-7906. It is proposed to transfer the 0.11 cfs and 21.6 acre feet for 5.4 acre of irrigation to the Falls View Cemetery in Power County.

Representatives from the Eastern IDWR regional office were contacted regarding the ESPA model analysis for this transfer. The Power County Board of Commissioners were instructed to use the closest ESPA model cell to the current POD as possible for the FROM Cell. The FROM Cell was identified as 104 121. The TO Cell is 95 99. The ESPA model analysis calculated that no mitigation would be required for this transfer.

An agreement has been signed between Idaho Power and Falls View Cemetery regarding the use of the well located on Idaho Power property as the authorized POD. The Falls View Cemetery has utilized this well for many years as a source of water.

Falls View Cemetery is currently renting water from the Idaho Water Supply Bank and diverting it through the Idaho Power well for the 2018 irrigation season.

Please copy our office on all correspondence regarding this application.

Sincerely,

Greg Sullivan, M.S., Engineer
