RE: Applications for Permit #37-23110 & #37-23111 (IWRB)

Dear Denise:

Big Wood Canal Company supports both of the above applications. The Company's canals are intricately involved in delivery and diversion of the recharge water, when available. Big Wood Canal Company fully supports IWRB's effort in continuing to restore the Eastern Snake River Plain Aquifer.

If the Department has any question in regards to the delivery or diversion, please do not hesitate to contact me and I will gladly assist in setting up on site inspections or gathering data.

Sincerely,

Craig D. Hobdey
