(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Water Right File 37-154C

FROM: Pam Skaggs 

SUBJECT: Condition History Right 37-154C
Transfer 82359 Golden Eagle Ranch Homeowners Assn Inc.

DATE: 07-17-2018

Right 37-154C authorizing diversion of water from the Big Wood River includes a unique condition that originated in the objection process for this right in the Snake River Basin Adjudication (SRBA). The text of the condition is as follows:

To the extent that waste water from Clear Creek enters the Golden Eagle Ranch pond system, the amount diverted under the following rights shall be reduced accordingly: Rights nos. 37-153A, 37-154C, 37-364D, 37-2627C, 37-2632, 37-8854, 37-14260A, 37-20749 and 37-22060.

Research of the file and scanned documents did not explain the concern or history behind this condition. Department staff involved in the objection settlement of this right provided the following explanation for the condition.

Comstock Ditch historically carried Big Wood River (BWR) water to the lands that became Golden Eagle Ranch Subdivision. The ditch no longer carried BWR water due to development to the north and a transfer was filed to provide more direct diversion from the river to the subdivision. Clear Creek flows into the Comstock Ditch below the location where the ditch was cut off running south through the Golden Eagle Ranch subdivision to the river.

A late beneficial use claim 37-20630 for Clear Creek water from this ditch for use on subdivision lands was disallowed by the SRBA court. Four water rights from Clear Creek have points of diversion located on or near the end of the creek near the beginning of the Comstock Ditch. No water rights exist for the water in the ditch that flows to the subdivision and into the pond system.

The objectors to claimed Right 37-154C were concerned that the ponds benefitted from the flows of Clear Creek water that reach the property through the ditch, and diversions from the BWR should be proportionally diminished to protect junior BWR rights. The rationale was new surface water appropriations would not be allowed due to junior priority date, the water flows into the ponds with or without accounting, and some value is perceived by downriver interests that there is savings to the river by this accounting.

Water District #37 watermaster's request for a measuring device condition for the waste water from Clear Creek is reasonable in order to regulate BWR rights according to the condition of the SRBA decreed right and will be included as part of the transfer approval.

Review of application resulted in discussion with the Watermaster of Water District #37, regarding necessary conditions to properly regulate the rights and prevent injury through the change proposed in the transfer.

The Watermaster identified the preferred location (pink dot located at longitude 114 degrees 21' 18.03" West & Latitude 43 degrees 36' 27.20 " North) for measuring the waste water from Clear Creek before it enters the pond system and comingles with other sources.

 Location for requested measuring device.

Pam,

In follow-up to our phone conversation concerning Transfer 82359, I want to clarify there is a requirement for a measuring device on the Clear Creek waste water into the Golden Eagle system. The conditions on 37-154C say that 37-154C and other Golden Eagle rights should be diminished based on what waste water Golden Eagle is receiving, but nothing is mentioned specifically about a measuring device on Clear Creek. If we need to speak further on the phone concerning this, please don't hesitate to call. Thanks again for the help.
