Subject: City of Boise Geothermal License 63-9139; Edwards Family LLC Petition for Reconsideration

All—Attached is a courtesy copy of the City of Boise response to and proposed resolution of the Edwards Family LLC May 11, 2018 Petition for Reconsideration of License 63-9139 (issued as a Preliminary Order April 27, 2018), which today I have had hand delivered to IDWR and hard copy mailed to the other parties showing on the service list in the attached.

As indicated in the attached, the proposed resolution is for a Condition 11 incorporating modified text shown in Exhibit A of the attachment to be added to the License, which is acceptable to the City and which I understand after conferring with Dana H. will be acceptable to Edwards Family LLC as a resolution of the Petition.

Since my understanding is that the Petition will be deemed denied on June 1 if IDWR does not act on it otherwise by then, subjecting the parties to potential further proceedings, I ask for your prompt attention to the attached. If the proposed resolution modified text Condition 11 is acceptable to your client, please communicate that to IDWR and the rest of us at your earliest convenience. As indicated in the attached, I am available to address any questions or items to discuss that any of you may have, and if requested can expedite an effort to schedule a meeting amongst all parties prior to June 1 on this if that would facilitate a resolution.

Thanks, --Bob M.
